✳ Atomic Emails™

START HERE · YOUR STARTER KIT

Your Atomic Emails kit, in order.

Eight steps, top to bottom. Every green button in this PDF is a clickable link. The AI skill file is in this same folder.

Your access page is the live version of this list.
New skills, fixes and updates land there first. Bookmark it.

Open my access page →

01 **Open the SOP and make your copy**
In the doc: **File → Make a copy**.
2 min · Nothing to install
Open the SOP →

02 **Duplicate the workshop Figma file**
Click the file name at the top → **Duplicate to your drafts**. Free Figma account.
2 min · Needs Figma
Open the Figma file →

03 **Request to join the Hall Of Templates Skool**
Use your **checkout email** and give it in the join question. Access is granted manually by Diego, the admin, usually within 24 hours. $9/month, 7-day trial.
2 min · Needs a Skool account
Request to join →

04 **Watch the 55-minute workshop**
Skool → **Classroom → Atomic Emails**. Keep the SOP and your Figma copy open. Locked? I unlock it by hand within ~24h.
55 min · Nothing to install
Open the course →

05 **Open your 6 bonuses**
Same course: the 4 Halls (Figma), the Wizard Bot GPT and the 40+ point checklist.
5 min · Nothing to install
Open the course →

06 **Install the Atomic Emails AI skill**
Use **atomic-emails-skill.zip** from this folder (keep it zipped). In Claude: **Settings → Capabilities → Skills → Upload skill**, switch it on. Then **Settings → Connectors → Figma**.
2 min, once · Needs Claude + Figma connector
☐

07 **Atomize your first emails**
New Claude chat: *"Atomize the [brand] section of [your Figma link] into a parts library."* It shows the numbers first and only writes after you say yes.
10 min · Nothing to install
☐

08 **Run your first remix**
Take 1 approved section and make 25 variations from your parts. Got the Auto-Sorter? Re-sort and switch to **Parts**.
30 min · Nothing to install
☐
